

ROLE-09 — Accounts Payable Clerk Role Description

v1 | 2026-03-15 | Finance | Role

1. Role Purpose 1.1 [M] The Accounts Payable Clerk role exists to ensure vendors are paid accurately and on time while maintaining a clean, auditable invoice record.
 2. Core Responsibilities 2.1 [M] Match incoming vendor invoices to purchase orders and receiving records before routing for approval. 2.2 [M] Maintain the vendor master file, including banking details and tax documentation. 2.3 [O] Respond to vendor payment-status inquiries within 2 business days when volume allows.
 3. Reporting Line and Stakeholders 3.1 [M] Accounts Payable Clerks report to the Finance Director and coordinate daily with Financial Analysts on approval routing per SOP-05 Section 1.3.
 4. Performance Expectations 4.1 [M] Invoice-processing turnaround time and error rate (duplicate payments, miscoded expenses) are the primary success metrics.
 5. Required Competencies 5.1 [M] Attention to detail and familiarity with the finance system's invoice-matching module. 5.2 [O] Basic vendor-relationship communication skills are helpful but not required for entry-level clerks.
